Tom,

I appreciate your willingness to connect and feel an in person meeting with yourself and Mr Durham would best facilitate the growth of our relationship.

I would propose an informal meeting with our citizen board and said individuals of UI to discuss proper avenues with our group, moving forward. The beauty of an organic group such as ours is that it operates with no boundaries or limitations. This can allow for streamlined communication on all fronts. Should we build a positive relationship this group could be your biggest cheerleader. I hope my opinion has been of help and that the others members of the group share my sentiment that we all want to see the proper service at a fair market price afforded to our neighbors in Tega Cay. I appreciate your consideration on this matter and look forward to hearing back from you.

Sincerely,

Greg Rogers
